CFU credit system

- **CFU, Credito Formativo Universitario**
- **1 CFU = 25 hours (10 teaching hours)**

Example:

A course with 6 CFU means that you will have to be 60 hours in the classroom for direct teaching; the remaining hours are related to the personal study time)

Note: Courses may have 6, 9 or 12 CFU

The university grading system in Italy

The Italian university grading system for exams is based on a 30-point scale (18 and above is considered passing). A 110-point scale is used to grade the final dissertation (66 is the minimum grade necessary to graduate).

The *Cum Laude* is equivalent to the mention “with honours” and is assigned to praise outstanding students for each exam and/or upon completion of their university degree.

Where we are

The Faculty's main headquarter is on Colle Oppio in via Eudossiana, but the educational and scientific activities are also carried out in other locations in Rome.

Via Eudossiana, 18 - COLOSSEO/CAVOUR 

The classes of the 3rd. year of the Bachelor Degrees and 1st. and 2nd. year of the Master Degrees are held here

The classes of the first two years of the Degree Programmes take place in Via Scarpa,14 (adjacent to Sapienza main campus)

POLICLINICO 

How to reach Sapienza Main Campus from the Faculty

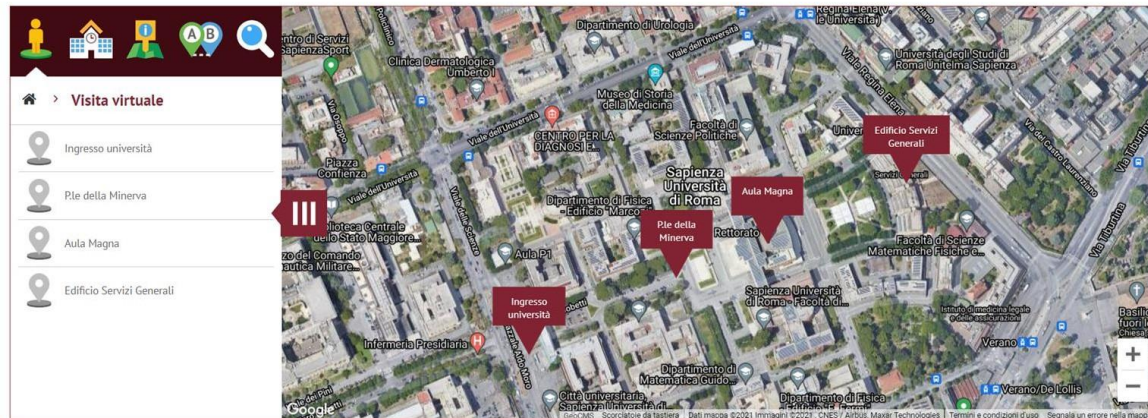

By underground

- go to the stop CAVOUR
- take the **B line** (Rebibbia Direction, 3 stops)
- get off at POLICLINICO
- walk 700 meters to Viale Regina Elena 295 (approx: 15 min)

By tramcar

- go to the stop COLOSSEO
- take the **3 Line** (Valle Giulia Direction) for 13 stops
- get off at UNIVERSITA' LA SAPIENZA (approx: 25 min.)

Attendance of lessons

Students do not have to enroll for courses to attend lectures. Once lessons begin, just go to the lecture hall and attend the lesson.

It's a good idea to get to the lesson on time as some classes fill up fast

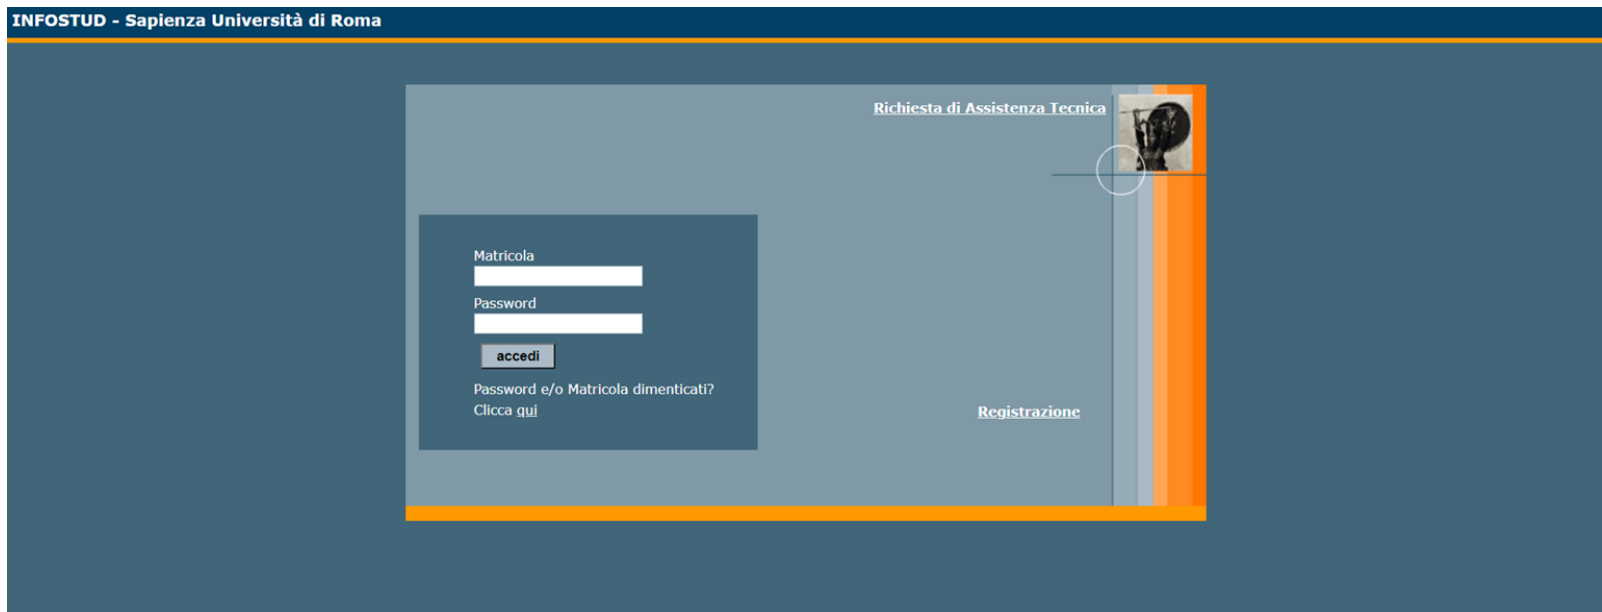

Attendance is usually not mandatory (**but highly suggested in any case**)

Some Professors may ask you to sign an attendance sheet to keep track of the students who attend lessons regularly. Moreover, the course load may vary slightly depending on whether or not you attend the lessons. Some professors may ask students who do not attend lessons to integrate their course work with an extra or a different textbook to balance the workload for all students. Textbook requirements and related information for each course are listed on each Professor personal page.

INFOSTUD - Student Information System

InfoStud is an IT tool adopted by Sapienza, created for students in order to simplify a wide range of operations related to their status.

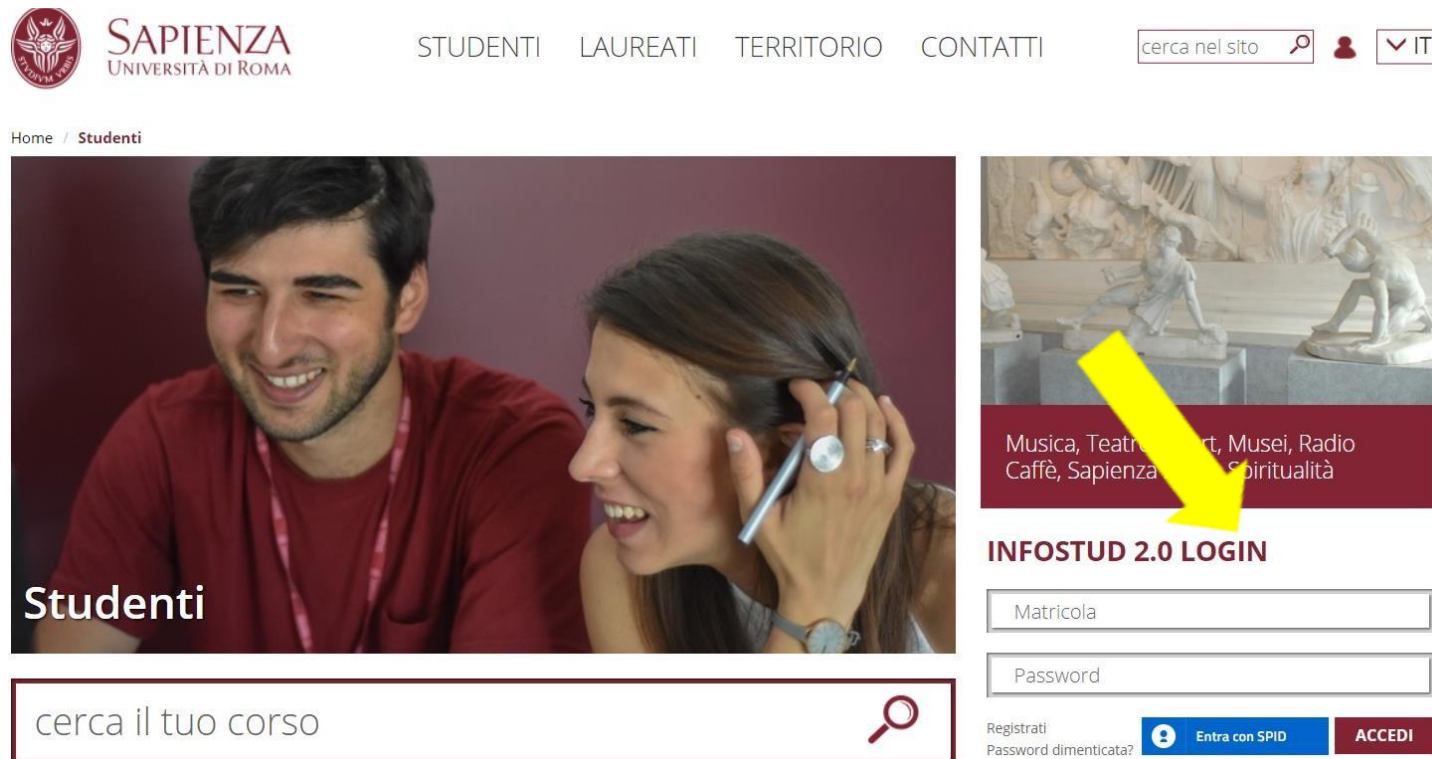

Through it, in fact, it becomes possible to enroll, book exams, monitor the verbalizations of the marks, print certificates and view your career.

The screenshot shows the login interface of the INFOSTUD system. At the top, a dark blue header bar contains the text "INFOSTUD - Sapienza Università di Roma". The main content area has a light blue background. On the left, there is a dark blue rectangular box containing the login form. This form includes two white input fields labeled "Matricola" and "Password", followed by a grey button labeled "accedi". Below the button, there is a link that says "Password e/o Matricola dimenticati? Clicca qui". To the right of the login box, there is a link labeled "Richiesta di Assistenza Tecnica" with a small icon of a person at a desk. Further down and to the right, there is a link labeled "Registrazione". A vertical orange bar is visible on the right side of the interface.

INFOSTUD - Student Information System

INFOSTUD 2.0 is accessible from the “STUDENTS” section of the Sapienza website.

The screenshot displays the Sapienza University website. At the top, the Sapienza logo and name are on the left, and navigation links for STUDENTI, LAUREATI, TERRITORIO, and CONTATTI are in the center. A search bar labeled 'cerca nel sito' and a language selector 'IT' are on the right. Below the navigation bar, a breadcrumb trail shows 'Home / Studenti'. The main content area features a large image of two smiling students, with the word 'Studenti' overlaid in white. To the right of this image is a vertical list of links: 'Musica, Teatro, Sport, Musei, Radio', 'Caffè, Sapienza', and 'Spiritualità'. A large yellow arrow points from this list down to the 'INFOSTUD 2.0 LOGIN' section. This section includes two input fields for 'Matricola' and 'Password', followed by buttons for 'Registrati', 'Entra con SPID', and 'ACCEDI'. A link for 'Password dimenticata?' is also present.

INFOSTUD - Student Information System

As an Erasmus student, you can only use the system to enroll for exams: InfoStud is not needed to subscribe to courses. You will not see any official career connected with your profile, because you are an exchange student.

Professors publish the exam dates a couple of months before the exam session starts.

In order to take exams, you must book on-line via the InfoStud student portal. You can book an exam from one month to one week before the exam date.

Most exams are oral, although some may also have a written part.

Your Professor will provide further information on this.

You can search the exam session by inserting the professor's surname or the course unit title/code.

The screenshot shows the INFOSTUD Sapienza website. The top navigation bar includes links for ABOUT, PROFILO, IMPOSTAZIONI, and AIUTO. The main content area is titled 'RICERCA APPELLI' and displays '16 APPELLI TROVATI'. Below this, there is a search bar and a table of exam sessions. The table has columns for N° Verbale, Corso di studi, Insegnamento, Docente, Crediti, Facoltà, S.A., Data appello, Inizio prenotazione, and Fine prenotazione. The table lists several exam sessions for the course of Informatics and Statistics, with the professor's name 'LENZERINI MAURIZIO' and the faculty 'INGEGNERIA DELL'INFORMAZIONE, INFORMATICA E STATISTICA'.
